ROOSEVELT'S SISTER PRAISES GENERAL WOOD IN SECONDING SPEECH

Lowden Demonstration Equals That Accorded Wood Nomination.

Nominations Proceeding And Ballot Expected Friday Afternoon.

(By Associated Press)

Coliseum, Chicago, June 11.—Up to noon today the Republican National Convention had heard General Wood and Governor Lowden placed in nomination and was proceeding toward the nominating speeches for Senator Johnson.

An uproarious 40 minute demonstration followed the nomination of General Wood by Governor Henry Allen of Kansas. Frank Knox, of New Hampshire, the Wood floor leader, and Mrs. Douglass Robinson, of New York, sister of the late Theodore Roosevelt, delivered the Wood seconding speeches.

Mrs. Robinson, describing Leonard Wood as a man of Theodore Roosevelt type, brought the convention to its feet repeatedly and in ringing tones she denounced the Wilson administration for its course in the world war.

The Lowden supporters apparently were as well organized for demonstration as the Wood forces and they carried on an uproar on the floor and in the galleries.

Miss Dorothy Disney, a daughter of a Muskogee, Oklahoma, delegate, was carried about the hall on the shoulders of two of the Oklahoma delegates.

The Lowden procession seemed to be making some acquisitions of supporters from the various state's spaces as it moved about the hall. The Connecticut delegation fell in with it.

It looked strange to many of the old timers to see women for the first time among the marchers. Changing their slogan the circulating Wood people took up the cry: "We want Wood."

Mrs. Robinson, in seconding General Wood spoke in a well pitched, ringing voice. "I can speak to you as one of the mothers of New York State," she said, "who know it was because of the foresight and courage of Leonard Wood that their sons went over the seas as a fighting machine and not cannon fodder."

"No man can tell me that had Theodore Roosevelt or Leonard Wood been in the White House the Germans would have marched into Belgium to nothing more than the ringing words of a protest. We never want again a man who waits between right and neutrality."

She was loudly cheered at the end of her speech.

MOTHER MAKES APPEAL FOR AID TO FIND CHILD

Asks Every Child and Woman In America to Help Find Her Kidnaped Baby Son.

(By Associated Press)

Norristown, Pa., June 11.—Mothers and children throughout the country are appealed to by Mrs. Geo. H. Coughlin, mother of 13-month-old Mackley Coughlin, who was kidnaped nine days ago, to help her find her baby.

When she concluded writing the appeal the mother collapsed.

"I appeal to every mother and child in the United States to help us find my baby," Mrs. Coughlin said.

"If there is a strange baby in your neighborhood, please, Oh, please find out who he is and where he came from for he may be my child."

CONVENTION IS TO STICK UNTIL CHOICE IS MADE

(By Associated Press)

Coliseum, Chicago, June 11.—Late again in getting under way, the Republican National Convention met under an agreement to stay in session until a presidential candidate has been nominated. The prospects were for an all day and possibly a night session.

Gompers Tells Federation of Labor That Plank is Directly Contrary to Wants.

Desires Were Presented to The Platform Committee

(By Associated Press)

Montreal, June 11.—The labor plank adopted by the republican national convention was condemned here today by Samuel Gompers, president of the American Federation of Labor.

The plank, Mr. Gompers asserted, is directly contrary to what labor has demanded of the republican party.

Mr. Gompers arrived here today from Chicago, where he had presented labor's demands to the national republican platform committee.

Joseph Elwell Murdered As He Sat in Chair in Bedroom.

(By Associated Press)

New York, June 11.—Mystery surrounds the violent death here today of Joseph Elwell, a widely known whist expert and author of several books on auction bridge.

Elwell was found by his housekeeper seated in a chair in his bedroom with a bullet wound in his forehead. Detectives pronounced the case one of murder.

No revolver was found but detectives discovered an empty shell lying on the floor. Elwell's money, jewelry and valuable trophies were untouched.

On a table near the chair in which Elwell was found there were several letters, one of which had been opened and which was signed "Lloyd."

Marked Quiet Among Hoover Delegates As The Convention Opens

(By Associated Press)

Chicago, June 11.—Animosities of the platform battle swept away by the roar of affirmation which wrote the Republican creed for 1920 into history, delegates to the national convention gathered early today to fulfill their chief duty and name a presidential candidate.

Who will receive this highest gift in the party's power was as much in the lap of the gods as ever.

Field marshals for the big three, Wood, Johnson and Lowden, expressed confidence. The balance of power still lay with the more than 500 uninstructed delegates.

It remained for the first ballot to reveal any decisive drift of sentiment in the rank and file of the party.

First on the program came the nominating speeches. To get these swiftly out of the way, the convention met at 9 o'clock instead of 11 as on previous days. The first ballot should be reached by mid-afternoon.

Indications are it will show the instructed strength of the major candidates. It will bring out, too, the full "favorite son" strength.

Dark horse movements spring out of deadlocks. Up to the time the convention assembled today, there was every indication that a triangular deadlock between Wood, Johnson and Lowden would be shown on the first counting of noses.

Wood supporters affirmed that he would show strength in excess of 300 on the first ballot. Some place it at 350, and it requires 493 to nominate.

Lowden supporters also were active. They asserted that they needed only the adherence of a strong Eastern delegation to the Illinois governor's standard to put him over.

Dark horse activity was very deep beneath the surface. Workers for Governor Sproul of Pennsylvania, for Butler, and darkest of them all, for

HENRY J. ALLEN

He placed hte name of General Wood in nomination.

Charles E. Hughes, were reported as conferring and negotiating.

One report had it that a group of men who hold important places in party councils had caucused in preparation for putting Judge Hughes forward at the right moment with sufficient initial strength to give the movement a winning impetus.

There was a marked quiet among the avowed adherents of Herbert Hoover, in fact doubt seemed to prevail that he would be placed in nomination at all.

Requires Four Hours to Present 'The "Big Three" in Session Today

Balloting Expected Some Time Tonight With Outcome Still Clouded in Doubt.

(By Associated Press)

Coliseum, Chicago, June 11.—The big three, Lowden, Johnson and Wood—were all placed in nomination before the Republican convention today during the first four hours of a sweltering session.

Forcing the convention along at express speed to make up for lost time in settlement of the treaty issue, efforts were made to hold the time given to demonstrations down to a minimum. The effort was to reach the balloting before adjournment tonight.

BIG CANDIDATES STAY IN HOTEL

(By Associated Press)

Chicago June 11.—While the speeches were being made today the leading candidates for presidential nomination were in the seclusion of their hotel rooms but all were in instant touch by telephone with the convention hall.

Senator Johnson was closeted with several of his advisers at his headquarters. General Wood arrived in the city from Ft. Sheridan and called about him the men who were to direct the fight on the floor of the convention. After they had gone to the convention he continued in his room.

Governor Lowden used the early hours of the day for conferences with his managers and then also adjourned to his apartments to await a report of the convention happenings.

As far as advertised none of the announced candidates with exception of Governor Sproul visited the coliseum during the day.

BOND ISSUANCE MEETS DEFEAT A SECOND TIME

\$35,000 Bond Issue For New
School Building in Union
Township is Defeated in
Three of Four Precincts.

Lively Contest is Waged by
Both Sides And Heavy
Vote Was Polled.

Union Township school district voters decisively defeated at the polls Thursday, the proposition of issuing bonds to the amount of \$35,000 for the purpose of erecting a modern school building in the eastern parts of the district. The vote was 145 no and 95 yes.

It was the second time that the issue had been before the people and the majority disapproving the proposition was 50 votes. It was defeated the first time by 5 ballots but interest in the election this time was keen in Union East and Union West and both sides had agitated the question.

The vote in the four precincts as reported to Superintendent O. S. Nelson was: Union West, 30 yes, 99 no; Union East, 63 yes, 32 no; Brock School District, 0 yes, 3 no; Jeffersonville South, 2 yes, 11 no.

Union East, in the district where the proposed building was to have been erected, was the only precinct where the vote carried and the majority was a heavy one.

During the entire day one of the liveliest campaigns ever waged on any question in Union township was carried on. No interest, however, could be created in the two other precincts and in these the vote was very light although heavier than it was in the first election.

Members of the school board state that the proposition will probably not be brought up again, the decisive vote at the polls Thursday showing it was not favored by the majority of citizens.

FINE STUFF SAYS HERALD REPORTER OF PLANE FLIGHT

O-o-h Booy! Its a g-r-r-r-and an
glorious feelin'!

Streaking through the air at the rate of ten miles in nothing flat, behind a motor that pounds away like a German barrage--every nerve tingling with the thrill and exhilaration of the thing as one looks down a thousand feet on a glistening panorama of fields, streams, woodland and housetops, is an experience unlike anything else in the catalog of unique sensations.

If the tyro reflects at all while riding in an airplane, it is likely to be upon the insignificance of mankind which he sees bustling about like a colony of ants in narrow streets and about the toy buildings below him, while he marvels at the metamorphosis of familiar landscapes of trees and hills and brooks into a great smooth patch quilt, of velvety green and brown.

A Herald representative who made a flying trip with Lieut. Bridgman of the London Aero Club here Thursday remains to tell the world that its great stuff.

Lieut. Bridgman took up quite a number of passengers Thursday and Friday and will continue the trips from the landing field on the Greenfield pike until dark this evening.

While here the aviator is conferring with local business men concerning the establishment of an aerial line between this city and London. The trip can be made in twenty minutes, the airman states, and such service could profitably be utilized either in carrying passengers or important papers and parcels.

Lieut. Bridgman states that other opportunities will probably be offered local people soon to "see how it feels" to ride in an airplane.

BANK OF ENGLAND WILL BE REBUILT COVERS 4 ACRES

(By Associated Press)

London, (By Mail)--Bank of England is to be rebuilt. The governors and court of directors of the institution for the past 25 years have considered the advisability of replacing the black one-story "Old Lady of Threadneedle Street" with a more modern and commodious structure. The inadequacy of the venerable pile to meet present-day needs has necessitated the establishment, since the beginning of the war, of six outside branch offices in various parts of London to house the bank's growing army of clerks and newly created departments.

Established in 1691, the Bank of England is the oldest national bank in Europe. Millions of people throughout the world know the outside of the low, black building which for more than two centuries has been the Empire's financial center. Its central part was erected in 1732-4 but the outer part, which one sees from adjacent streets, dates from 1788.

The present building spreads over 4 acres of what is perhaps the most valuable real estate in the world, in the heart of London's world training center. At least once, in December, 1825, it saved the country from bankruptcy. During the Lord George Gordon riots of June, 1780, it stood a two-days attack by a mob which was driven off by soldiers stationed outside and clerks and bank officials who mounted the walls.

Since that date the bank has been guarded every night by a detachment of thirty-six soldiers who, commanded by an officer, march down from London Tower and take up their positions on the walls at sundown.

Power for Pullers Speed for Sprinters

Those big, powerful trucks are meat for a fuel that is jammed full of power to the last drop. They eat up a lot of fuel, but they eat less when it's got the power.

And those other motors, the ones that like to get out and make mileage records, will go farther and faster on fuel that burns clean and fires easily.

You'll get more power from a heavy duty motor and more speed from a sprinter with efficient

MOTHERS' CIRCLE PAGEANT WAS OF INSPIRING BEAUTY

Worthy Cause For Which Creators and Participants Labored Reflected in Results Attained.

Attendance Not So Large as Rare Beauty of Pageant Purpose Underlying Its Presentation Merited.

Beautiful as a poet's dream was the Pageant of nature "The Awakening of Spring," presented at the High School Auditorium for the first time Thursday night by the Mother's Circle for the special purpose of providing a fund for eye and throat operations needed by school children who are not able financially to have them otherwise and consequently go through life handicapped.

The large audience of Thursday night promises to be duplicated Friday night if it should be for the entertainment is one of the prettiest, sweetest performances in which children ever participated and the purpose is most worthy.

Introducing the Pageant Amelia Penzell gave the "Prologue," making an effective picture against the dark curtain as she gracefully outlined the story and its purpose.

The Pageant is really a very beautiful nature play, bringing out in two acts of fascinating color pictures, dances and tableau, the idea that all child-life should be as glad and free as the buoyant spring time.

The first scene is "A Forest in Winter," the stage setting worked out elaborately. Winter sleeps on his throne—taking advantage of his drowsiness the flowers stir and the breezes flutter and the sun peeps out—Sunshine appears on the scene and in a struggle forces Winter from the forest and lovely Spring appears.

The children were wonderfully costumed and took the parts assigned to them with an adaptability that made them one with the atmosphere of the play.

Robert Bateman in the gray garb of winter, acted the part of the sleepy old fellow capitably and Katherine Miller was captivating as Sunshine.

The breezes were Marjorie Penn, Martha Coffman, Mary Louise Mark, Florence Mable Sparks and they were as airy as the Zephyrs they impersonated. The Earth-sprites, Thomas Craig James Ireland, Daniel Wilkin, William

McLean, Edgar Barnett, Dean Brownell, were full of pep and delighted the onlookers. The little human flowers, in such wonderful costumes that they needed no names were as lovely as their prototypes. They were Daisy, Florence Lipsett, Forget-me-not, Wadeline Teachnor, Rose, Katharine Lee Henry, Violet, Anna Marie Clark, Buttercup, Janet Daugherty.

Maxine McCray and Judith Ann Jackson as the Butterflies, in fluffy yellow skirts and gauzy wings, were irresistible, their little dance one of the most attractive features in the scene. The trees were cleverly impersonated by Dean Fite, Russell Brown, Lou Baer, William McFadden, Robert Clark.

The arrival of Spring, the Queen of the Pageant, was followed by the awakening of the flowers and a series of pretty dances and tableaux. Jean Worthington, in the leading role, was radiant Springtime personified and as beautiful a Queen in her green and silver robes as ever received the homage of her court.

For Act II, "Conspiracy of Spring," the stage was transformed into a marvellous garden with a background of trellises and flowers in riotous colors.

The Queen enters with her maids in waiting. Spring is drooping from her contest with winter, but soon revives in the warmth of her subjects welcome and their revels. She sends out her Herald to bring the birds, the flowers, the trees and the children. He returns to announce that all growing things are responding to her call except in dark, dingy places, where Spring is unknown and children work rather than play.

Spring sends her Earth-sprites forth and other messengers until Dawn finally brings the child who had known none of the gladness of Spring and the play closes in joyous merry-making and dancing.

The chief actors in the scene are "Zephyr," Herald to the Queen, splendidly played by Alfred Hegler, a very handsome young Herald in his white and gold costume, "Robin Redbreast," with Dick Hoppess a typical red breasted bird of Spring, "Tree Willow," well taken by Townsend Baer; Butterflies, two lovely golden haired children Jean Michaels and Jean Tipton; Rivulet, happily played by Helen Sunkle and Genevieve Price, Blue Sky, Capitally done by James Lipsett, Robert Hartman, "Dawn," a rosy vision scattering flower-petals as impersonated by Dorothy Donohoe, "Little Earth Mortal," played with winsome naturalness by Georgia Prue Chapman. The flower folk were dreams—Buttercups, Dorothy Lansinger, Katherine Persinger; Marygold, Helen Louise Jackson, Mary Katherine Snyder; Violet, Elizabeth Fite, Romana Short; Rose, Kathleen Penn, Elizabeth Ellis; Forget-me-nots, Alice Brownell, Cornelia McClennans; Daisies, Maxine Clark, Inez Bannan.

The beautiful Maids in waiting, who were prominent in dances and tableaux were—Trillium—Enid McClure, Janet Whelpley; Hepatica—Ruth Shepard, Judith Ann Mitchner; Arbutus—Anna Lee Taylor; Helen Hutson.

The Earth-Sprites, in Elfin costumes and mischievous acts, exchanging saucy words with the Flowers, were the jesters of the scene. They were William Ireland, Thurman Shepard, Paul McCray, Henry Hoppess, Robert Lansinger.

There were forty-five children in the play—all being members of Miss Myrtle McCoy's dancing class and for six weeks Miss McCoy has given, entirely for the love of charity, her time and skill to their training. The beauty and grace of the children and their pretty dances spoke of the complete success of her training as Pageant Director. The assistant directors were Mrs. J. H. Chapman and Mrs. Frank Carpenter who were aided by the members of the Circle, for the work of putting on the Pageant is only realized by those in it.

The literary part especially showed the expert coaching of Mrs. Carpenter. Especially good results were shown in the poise and grace which characterized Jean Worthington's portrayal of Spring; the excellent dramatic effects in the contest between Robert Bateman, Winter, and Catharine Miller as Sunshine, and the climax of the second act, where Dawn, Dorothy Donohoe brings in the child, Georgia Prue Chapman.

Many of the Nature Folks brought out their lines with good effect. Alfred Hegler was a perfect Herald, expressing his loyalty in carrying out the instructions of the Queen with ease and dignity. The Maids in waiting deserve much praise for their beautiful

work; their entrance one of the choice features of the Pageant.

The beautiful music added inspiration and artistic effect to the play and Miss Mazie Kessler, violinist and Miss Marion Whelpley, pianist played with rare interpretation of the spirit of the Pageant.

The stage settings, part of the scenery brought from Columbus, was a big factor in the plays success. Mr. Sherrill Clark, Display Manager of the Frank L. Stutson Co., gave generously of his talent and time and Miss Bees Cleveland also assisted. Mrs. McCoy painted the big forest trees of the winter scene.

BLOOMINGBURG COUNCIL ACTS

Meeting in special session to consider the new schedule in gas rates which has been filed by the Washington Gas and Electric Company with the Public Utilities Commission of Ohio, the Bloomingburg City Council passed an ordinance Thursday night calling for a rate of 50 cents per thousand feet gross and 45 cents per thousand feet net.

Each minister has been asked to bring two representative laymen.

GREAT GAMBLING HOUSE TO BECOME CHARITY HOSPITAL

Shanghai. (By Mail)—The great gambling establishment in this city notorious for years under the name of "The Wheel" which originally cost more than \$500,000 is to be converted into a charity hospital. The Chinese authorities have announced that they intend to confiscate the huge building which now stands dark and empty. Its owners, however threaten to fight this program.

Up to about three years ago when the place was closed by the Chinese authorities "The Wheel" in Shanghai was one of the biggest gambling establishments in the Far East. It was located in Chinese territory on North Hoonan road, a 15 minute automobile ride from the heart of the city. In the days when the establishment flourished, three roulette wheels with six lay-outs, slides faro and other games were operated.

After this establishment was closed as the result of the efforts of missionary interests no open gambling on any large scale was permitted in Shanghai until last fall when the interests that formerly operated "The Wheel" opened near it a smaller roulette establishment which in turn was closed after a few weeks.

ORDERS TORTURE OF THE KOREANS STOP AT ONCE

(By Associated Press)

Seoul, Korea. (By Mail)—Complaints that the police in Korea "sometimes go to such extremes as to put the Koreans to torture," have reached the governor-general of Korea and Director Akaike, of the police bureau, has issued an order to the provincial governors to put a stop to it. The director announced that it was with great regret that he heard, now and then, a criticism that "even of late, policemen often fail to behave properly towards the people."

Referring to reports that the Koreans had been tortured, he told the governors that "it is said the people are apt to think the police and torture are inseparable, the idea of the one being inevitably associated with that of the other." He pointed out that even if torture were practiced only in a few cases it naturally discredited the whole system of the police. He added:

"As you know very well, in modern courts, judges rely on evidence rather than on the confession of offenders, and therefore torture has no place in our police system. I trust that in acting against any offenders you will do your best to collect evidence but never attempt to extort confession from them by the brutal means of torture."

An Approved Omission

The nation will compliment the resolutions committee of the Republican National Convention at Chicago for its refusal to incorporate in the party platform either a "wet" or a "dry" plank. The supreme court decision on Monday effectually disposed of the wet and dry issue in the United States, if not forever, certainly for a long time to come. The wet and dry issue will certainly be a dead issue during the lifetime of the present generation.

The eighteenth, or prohibition, amendment to the constitution of the United States has been adopted. Prohibition is now a part of our fundamental law, Congress has enacted the Volstead law providing for the enforcement of prohibition. Both have been held valid by the highest judicial tribunal.

It would seem the height of nonsense for a great political party in national convention to declare in favor of prohibition now that it has become a settled fact and certainly no party could be seriously expected to commit political suicide by declaring against the solemn decree of the people and against a great achieved moral victory.

The wet and dry issue has been "drug" into politics, national, state and local, for nearly half a century both with and without an excuse and the people will welcome a campaign when that issue is so well settled that it is useless for politicians even to undertake to make capital of it.

Real June Days

The heat from the rays of the sun on Wednesday, Thursday and Friday sent the mercury climbing up the thermometer tubes until its highest altitude of the year was recorded.

Already the wheat, well headed out, is beginning to show a decidedly yellowish hue, a forecast of the ripened grain that is to fall before the reaper within a few weeks now.

The fire-flies have been thawed out of their winter homes and flash their cheering signals across the waving fields of grain and growing corn as soon as darkness comes in the evening.

Yes, the summer we have been wanting, waiting for and wishing for is here and there should be no complaint with the, really small, discomforts it brings when we think of the great work it is doing in producing the crops.

Street Traffic Pedestals

Some months ago when urging haste in beginning the improvement of our city streets, especially those in the business sections, we called attention to the need of durable and slightly traffic signal pedestals and lights at the street intersections where the traffic was heavy.

We all must acknowledge that the little wooden "clothes horse" arrangements, feeble and wobblingly supported a battered old oil lantern tied up with a red flannel cloth or smeared with red paint are an abomination in our sight and humiliating to us when strangers pass through the city.

Now before the final resurfacing work is finished or begun even, we again call attention to the need of make provision for traffic signal pedestals and lights which will be ornamental as well as useful. If we are to have electrically lighted or operated signals we must carry the light and power current out to the center of the intersection of the streets and that means a conduit under the surface of the street and that conduit should be put in so as not to mar the surface of the new paved streets.

Thus far there is no evidence that arrangements have been made to provide properly for those very vital necessities.

Bearing that in the rush it will be overlooked or neglected and realizing the tremendous amount of work and responsibility our officials have in the big improvement work they have undertaken, especially in the financial end of it, we are going to ask some public spirited organizations, who realize the dividends which a proper exhibition of true civic pride will pay, to step forward, push the project to realization and assist the officials in putting over this detail which means so much and requires so little in money or labor.

POETRY FOR TODAY

WHEN I AM A SPIRIT

When I am a spirit—leave me alone!
Don't prick at the toughskinned riddle!
Would you turn from a feat to gnaw on a bone?
Go, dine while the fiddlers fiddle!

Why lure me back to play the fool—
To bridge your brief hour's yearning
With mandala talk through a three-legged stool,
With raps or table turning!

I'll lend no aid to an old dame's trance
As she plucks at the air with her fingers.
She'll bid no spirit of mine to prance
Let her chuck to the spook who lingers!

Oh, leave me alone! Go, drink your wine,
And look to the moment's living;
Lest, you in your world, I in mine,
Lose precious drop of living.

Daring American Girl Sees Hawaii from the Clouds

Mildred Leo Clemens, in Quest of Lecture Material and Photos, Resorts to Novel Scheme

Mildred Leo Clemens

Moving pictures of an aerobatic flight over the famous Diamond Head and Waikiki Beach in fair Hawaii, with Mildred Leo Clemens as the daring lady in the "shot" machine, will be a feature of "A Night in Hawaii," on the Colt-Alber Chautauque circuit this season. The film was made in April of this year.

The movie thriller, however, is but one of a dozen features of the evening. In the first place, presenting the lecture of Miss Clemens on life and customs of the islands, will be the appearance of her own native Hawaiian company, six of the finest vocalists and instrumentalists in all Hawaii. These musicians were selected personally by Miss Clemens. The company sailed from Honolulu on the 15th of May, and Miss Clemens, who is an authority on Hawaii and its people, took along with her the "shot" machine, which has ever left the land.

Miss Clemens, who is a cousin of Mark Twain, is a member of an illustrious family. She has assembled a wonderful collection of photographs of Hawaii and its people, which will be shown on the screen in addition to the movies taken along Waikiki Beach and over Diamond Head.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

At Grace M. E. parsonage Thursday afternoon at the three o'clock the marriage of Miss Elsie Lee Siemon, youngest daughter of Mr. and Mrs. G. F. Siemon of near Bloomingburg and Harold Hughey Lininger, son of Mr. and Mrs. John Lininger, of New Holland was quietly solemnized.

Miss Edna Siemon, a sister of the bride, Miss Gladys Lininger, a cousin of the groom, and Mr. Kyle Hancock witnessed the ceremony.

The bride was charming in a suit of delft blue tricot with blouse of white Georgette and small white hat.

The wedding is of interest to a widely extended circle of friends in this as well as in Ross county the earlier home of the bride and where she numbers her friends by the score.

Immediately following the ceremony the bridal party motored to the beautiful country home of the bride's parents where an elaborate six o'clock dinner of six courses was served.

The happy young couple went at once to housekeeping on the groom's farm near Johnson's Crossing which he has successfully operated the past few years.

The regular monthly social session of Mrs. Eva Penn's Sunday School Class of Grace M. E. Church, was turned into a delightful picnic party at Cherry Hill, Tuesday evening with Misses Helen Dixon, Lelola Rodgers,

Ruth and Helen Teeters and Mrs. Mayme Anderson hostesses.

Mrs. Penn and twenty members of the class were guests.

Miss Ruth Brownell, who graduates from Ohio Wesleyan University at Delaware Wednesday, June sixteenth, is entertaining with a week end house party, at the home of her parents, Mr. and Mrs. Henry Brownell.

Her guests all students at Ohio Wesleyan, include her room mate Miss Dorothy McConnell, of Denver, Colo., Miss Pauline Irwin, of Tarenton, O., and Miss Julia Phillips of Kenton, O.

Mr. Sherman Brownell motored down with his sister and guests.

Mrs. C. F. Coffey, Mrs. M. C. Myers, Mrs. Will Wilson, Mrs. Lottie Wells and Mrs. Virgil Post were hostesses to the meeting of the Elmwood Ladies Aid Society, Thursday afternoon, at the Coffey home on Leesburg avenue.

Following the usual program, the hostesses served tempting refreshments.

The annual June reception of the "Progress Club" of Jeffersonville is always a marked event in the club calendar, Thursday was an ideal day and the affair passed off with complete success.

The spacious G. S. Threlkold home

with its beautiful grounds abloom with June roses and especially adapted for such purpose, was chosen as the place for the reception again this year.

In the receiving line with Mrs. Threlkold were Mrs. Bertie Blessing, Mrs. Loretta Watkins, Mrs. Mae James who, as hostesses cordially welcomed fifty-five guests during the afternoon—Miss Irene Wooster of St. Louis, Mo., and Mrs. B. F. Leland and daughter Miss Esther of this city out of town guests.

Adding to the pleasures of the afternoon was the serving of dainty refreshments on the lawn.

Mrs. H. T. Wilkin entertained the Thursday Bridge luncheon Club at a luncheon of lovely appointments and refreshing summer menu.

The central table decoration was an artistic arrangement of Delphinium and snapdragons in effective color blend.

The saleswomen of the Frank L. Stinson Co. store enjoyed a picnic supper and jolly good time Wednesday evening at the home of Misses Lela and Ruth Douchie, on North North street.

The large lawn was decorated with Japanese lanterns, and there was Victrola music and a round of out door games.

Mr. and Mrs. Willard F. Story and daughter Mary Ann left the first of the week for Cleveland to be guests of Mr. Story's sister, Mrs. Dixon Fullerton and family.

Mr. Robert Howat and Mr. Austin Hegler made a motoring trip to the Peony Farm at Springfield, Thursday, returning via Yellow Springs and Xenia.

Nell Louise Smith is visiting her grand parents, Mr. and Mrs. L. P. Garrison, in Delaware.

Mr. Frank M. Allen one of the directors of the O.S. and S.O. Hom at Xenia, visited the Home Thursday, accompanied by Messrs. I. N. Rowe, R. S. Quinn and R. H. Harrop.

Mrs. W. F. Morford and Mrs. Alvard of Columbus are the guests of the former's daughter, Mrs. Jess Persinger.

Mr. Nathan Creamer, President of the Farmer's Bank of Jeffersonville was a business visitor in this city Friday, for the first time since his illness of the winter and spring.

Miss Della Moore came home from Ohio University at Athens Friday evening, to spend the summer.

Herman Frey and Harold Hays will be motoring guests in Cincinnati for the week end.

Y. W. TO SELL CONES ON STREET SATURDAY

George Washington's famous old adage "Don't eat on the street" is going to be discarded Saturday afternoon and evening in this city not in a manner in which Ben Franklin brought the pens of historians into play but in the most approved and up-to-date fashion.

In an effort to raise a sum of money with which two young women are to be sent to the Industrial Conference at Oxford which will be in session ten days this month, the girls of the Y. W. C. A. have hit upon a novel plan to raise the money. They are going to sell ice cream cones on the streets and the Saturday crowds are going to eat 'em.

FUNERAL SERVICES

Funeral services for James O. Jackson, who passed away Wednesday night at eleven o'clock, will be held at the home on Columbus Avenue, Saturday morning at 9:30. Burial will follow in the Washington cemetery.

Johnson says he couldn't raise as much money as he wanted. Of course not.

MANY JEFFERSON FARMERS UNITE IN GENERAL MOVE

Up to Friday morning 157 farmers in Jefferson township had enrolled with the Fayette Farm Bureau for a period of three years at \$10 per year.

The new enrollment is much greater than the old at \$1 per year, only 69 farmers having previously enrolled at the \$1 per year.

To date 279 have been enrolled under the new plan. The goal has been set at not less than 1,000 members.

TO OPEN ARMY STORE ON FAYETTE STREET

BULGARIA WILL KEEP THE PEACE DESPITE LOSSES

(By Associated Press)
Sofia, Bulgaria—(By Mail)—Bulgaria will keep the peace despite the loss under the treaty of her provinces of Dobruja and Thrace. Premier Alexander Stamboulsky has told The Associated Press correspondent.

"America and the Allies may be assured that we shall maintain order and quiet and bear our burdens and trials stoically," he said. "We will face the harsh sentence the Peace Conference has imposed upon us with courage and fortitude and rely upon

internal reconstruction and persevering labor to gain what we have lost in the war. Bulgaria for the moment may be crushed, but she will rise again with new strength and be an example to the world of what patience, industry and national patriotism can accomplish."

SPROUL IN ACCORD WITH THE PLATFORM

(By Associated Press)
Chicago, June 10.—Discussing the platform Governor Sproul said: "I am in entire accord with the platform. It expresses the Republican sentiment of the country, is thoroughly American, sanely constructive and truly patriotic."

PLATFORM IS ADOPTED PLANS MADE FOR TODAY

Platform Complete Convention Adjourns Until Nine O'clock Friday.

Speeches Will Be Hurried Through and Nomination of Candidate Will Be Taken Up.

Gross of Wisconsin Derided as He Reads Minority Report Which Convention Hoots as "Socialistic."

Treaty Plank Declares League Covenant Repudiates Policies of Washington and Monroe.

(By Associated Press)

Chicago, June 11.—Rescuing the party by eleventh hour compromise from a threatened split on the league of nations issue, the Republican national convention last night adopted a platform and then adjourned to nominate a candidate Friday.

Harmony on the league issue was reached after many hours of heated negotiations revolving about the subcommittee on resolutions but bringing into consultation first and last virtually all the big men of the party.

In the end, the irreconcilables and mild reservationists accepted a treaty plank drafted by Elihu Root before his departure for Europe several weeks ago, but revised in some details to meet the views of the contending elements.

It condemns President Wilson's league covenant, upholds the Senate in its rejection of the treaty and endorses the principle of an international peace concert in harmony with American traditions.

CHEERS AND HOOTS

After impatiently marking time all day waiting for the resolutions committee to complete its work, the tired convention received with cheers the reading of the platform by Senator Watson of Indiana, the committee chairman, and adopted it with a great chorus of cheers.

It nearly drowned out a minority report presented by Edwin J. Gross, the Wisconsin member of the committee, and signed only by himself. The substitute provided flat rejection of the

league idea, advocated government ownership of railroads and contained other proposals which the convention hooted as "socialistic."

CANDIDATES UNAFFECTED

The relative chance of the presidential candidates apparently was little affected by the platform agreement, and on convention eve there was in evidence no development which changed the situation, with Wood Johnson and Lowden leading but without any of them have delegates to nominate.

RECONVENT AT 9 O'CLOCK

In accord with the plan to finish up the convention's work on a skip-stop schedule, it was agreed to convene at nine a. m. and to hurry through the nomination speeches and remain in continuous session until a candidate is nominated.

THE TREATY PLANK

The treaty plank put the Republicans on record for "agreement among the nations to preserve the peace of the world" and declared the covenant for the league "signally failed" to accomplish peace. The treaty plank further declared that the league covenant "repudiated to a degree wholly unnecessary and unjustifiable" the policies of Washington and Monroe. The plank also approved the course of the senators acting in opposition to the covenant and pledged the Republican administration "to such agreement with the other nations of the world as shall meet the full duty of America to civilization without surrendering the right of the people, American people to exercise its judgment and its power in favor of justice and peace."

FOREIGN RELATIONS

The Foreign relation plank was the last of the platform and the prearranged declaration that the Republican party had ability "to fulfill our world obligations without sacrificing our national honor."

BERMUDA PLANS BIG CELEBRATION

(By Associated Press)

Hamilton, Bermuda, (By Mail)—Bermuda, the oldest remaining British "plantation," is preparing to celebrate its tercentenary this autumn for which purpose 2000 pounds have been appropriated. Since the Prince of Wales announced the other day that he meant to pay a call on his loyal subjects, they hit on the scheme of combining two festive occasions and having one grand affair on October 7, when the Renown, with the help to the throne aboard, is to cast anchor here.

It was August 1, 1620, that the Colonial parliament held its first sitting, but as the royal engagements cannot be altered, it was thought wise to set back the gala date.

For nearly 300 years the business of governing this little outpost of the Empire has gone on under the same forms without material change. It is but natural that the 20,000 inhabitants of this 20 square miles of coral rock should wish to honor their aged constitution.

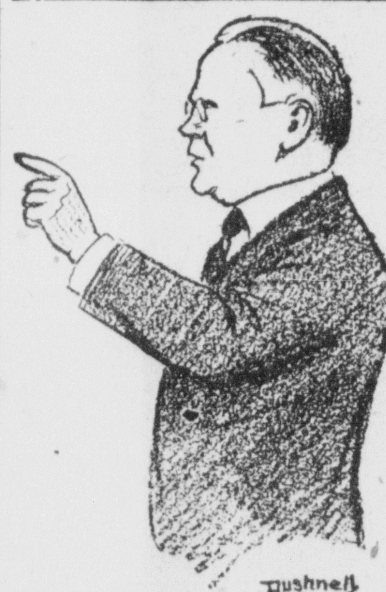

Originally founded by a shipwrecked company under Sir George Somers, destined for Virginia in 1609, the islands have remained continuously under British rule.

INVITE WOMEN TO MEET IN CHINA

(By Associated Press)

Shanghai, (By Mail)—The American Women's clubs of Shanghai will present a request to the General Federation of Women's Clubs of America urging that body to hold its 1922 convention in Shanghai. This request is to be presented at the federation convention at Des Moines, Ia., in June, by Mrs. Charles S. Lobingier, wife of the Judge of the United States Court for China, who is a former president of the Shanghai American Women's Club and who will represent it at the Des Moines meeting.

Germany asks credit, but she neglects to say for what.

Col. Henry W. Anderson of Virginia, candidate for vice president, is strong for Governor Lowden.

LEADING IN TALK OF "DARK HORSES" AT G. O. P. MEET

Gov. William C. Sproul, photographed at Chicago.

Governor Sproul of Pennsylvania is mentioned probably more prominently than any other man in discussions of the chances of a "dark horse" winning the nomination for president at the Republican convention. The fact that he is not now a senator seems to aid the boom for him.

FEW EXECUTIONS MARK REVOLUTION

(By Associated Press)

Mexico City, (By Mail)—Few summary executions marked the latest revolution. Unconfirmed reports tell of some in Tabasco but only four have thus far been confirmed. They were those by Carranza troops in Pachuca of four Obregon leaders: Colonel Cuthbert Ramirez, Captain Marcelino Ramirez, Captain Eduard Esparaza and Major Vicente Esparaza Paz.

Tanlac Built Him Up So Wonderfully His Friends Are Now Taking It.

"Although I have only taken four bottles of Tanlac, it has restored me to perfect health, and I have gained ten pounds in weight," said Floyd E. Whitman, 790 Sawyer St. Akron, Ohio, inspector of the steam heating system for the Goodrich Tire and Rubber Co.

"I had been feeling all run-down for a year or more and my whole system seemed to be getting out of order as the longer I went the worse I got," he continued. "My appetite was so poor I hadn't eaten a bite for breakfast in a year, and although my wife would fix a small lunch for me to carry with me to work, I always brought all or most of it back home in the afternoon. Even when I did manage to eat a little something it caused me to bloat up with gas until I could hardly breathe and I would be in misery for hours afterwards. I could get but little sleep, and always got up feeling as tired and worn-out as when I went to bed. I just had to drag myself around at my work and it was only by using great will power I managed to stay on the job at all. Finally, I got so bad off that often while at work I would get weak and nervous all of a sudden, become staggered and just have to stop and rest awhile before I could go on again. In fact, I was in such a bad fix I was just about ready to give up and go to bed when Tanlac came to my rescue.

"The boys at the plant saw the condition I was in, and as several of them had taken Tanlac with remarkable results they advised me to try it. Well, sir, I commenced getting better right away, and now my improvement has been so great that all the boys in my department at the Goodrich plant who felt like they needed a little building up have taken Tanlac and it has helped them so much, too, that about all we talk about outside of our work, is Tanlac. Why, I feel at least twenty years younger, and am in such good shape it is hard for me to realize I ever had anything wrong with me. I have regained my strength so that my work is actually a pleasure and I have such a good appetite my wife jokingly says I am about to eat us out of house and home. I think Tanlac is the grandest medicine in the world and I am always recommending it to others."

Tanlac is sold in Washington by C. S. Haver, in Lowell by Masch's Drug Store, in Jeffersonville by J. B. Davis, in Octa by L. W. Murphy and in Mill-edgeville, E. L. Ford Sons.—Adv.

FAYETTE SCHOOL CHILDREN AFTER WAR STAMP HONOR

Competition among the school children of Fayette county for the position of school senator or representative of the county at the Thrift Congress to be held next fall at Columbus has assumed the warmth of a political campaign.

Each county in the state will send one senator to the congress which will be held in the senate chamber of the state house. Candidates have been nominated by most schools in each county and the candidate selling the most War Savings Stamps during the summer months will be declared elected.

The Thrift Congress sessions will be held October 22 and 23 and Lieutenant Governor Clarence J. Brown will preside. Problems have to do with the high cost of living, extravagance, waste and profligacy will be taken up.

Those entered as candidates for senator from this county are:

Jean Cavine, Hewitt West, Clarice Campbell, Emerson Wissler, Jason El-lars, Frank Wolfe, Helen Griffith, Fred Evans, Nellie Dixon, Margery Creamer, Gladys Garringer, Florence Allen, Alice Booco, Ralph Ray, John Rittenour, Ethel Harper, Stanley Coll, Ruth Campbell, Frances Ging, Frederick Frey, Evelyn Smith, Kenneth Sollars, Elsie Hodge, Ilo Hyer, Gladys Minshall, Anna Lois Marl, Eugene Marshall, Christina Steinhmetz, Will Hamley, Harry Shelley, Minnie Smith, Robert Ellis, Norma Johnson, Margaret A. Porter, Loren D. Clickner, Hazel Eekle, Thomas McDonald, Orville Wilson, Dorothy Hall, Will Haines, Estel-la Burnett, Amy Rouse, Bryan Coffey, Roberta Davis, Elmo Rowe, Eugene Marshall, Madeline Clevenger, Ethel Sheridan, Mildred Conner, Elizabeth Rhonemus.

EPWORTH LEAGUE CONVENTION HELD

The Scioto Gazette gives the following account of the District Epworth League Convention held at Kingston this week.

"The Epworth League convention was held Wednesday at the M. E. church, with over 200 present, including representatives from Trinity League, Chillicothe, Washington C. H., London, Mt. Sterling, Williams- port, Londonderry, Richmond, Dale and Tartton. Rev. and Mrs. C. L. Thomas and family formerly of Kingston charge, and several others came down from the latter place.

"The program was a good one, special mention might be made of the address of Mr. Alexander, of Washington C. H., and the trombone solo

WOMEN WIN FIGHT TO SEAT FEMININE DELEGATES FROM OKLA.

Left to right: Miss Ethel Delight McKinney, Mrs. J. C. Pearson (standing), Mrs. Frank Northrup and Mrs. Mary Allen.

That women have begun to show their power and now feel right at home in politics is shown by the fact that Miss Ethel Delight McKinney, special representative of the Republican women's national executive committee succeeded in seating a number of Oklahoma women delegates at the national G. O. P. convention. Above are four of the Oklahoma women leaders.

South Sycamore street has been sold to Mr. Cline.

Mr. Wilhite has purchased the Mrs. J. M. Cline home on Paint street and will probably make it his home.

Another transaction made with Mr. Palmer consisted of the Wilhite agency buying four properties located on Gregg and Delaware streets.

WEED SEED COST \$25 PER BUSHEL

Sweet clover, formerly considered a rank weed, is now being grown for seed by an increasing number of Ohio farmers. This "weed" seed now sells for \$25 a bushel.

When growing seed for this purpose, it is well not to have an exceedingly thick stand, say crop specialists at the College of Agriculture. It is seeded on wheat or rye in spring. A hay crop can be cut make fall if it is desirable to do so; otherwise nothing more is done to it until the following spring. To insure it seed crop, the first growth is allowed to mature seed rather than to attempt to secure both a hay crop and a seed crop.

The ordinary grain binder is the most satisfactory machine with which to harvest the crop. Care must be exercised in cutting it so that it is not too dry, or it will shatter badly.

Probably the best way to thresh the seed is to run it first through a regular grain thresher and then through a clover huller. Yields of seed vary from two to ten bushels per acre.

This and further information concerning the culture of sweet clover is contained in a free circular just issued by the Agricultural College Extension Service, Columbus.

OVERHAULING FORD FOR COLUMBUS RACE

Howard DeWitt, who has entered in the auto races at the Columbus Driving Park Sunday, has placed a new body on his Ford speedster and with the assistance of one or two other mechanics is completely overhauling the mechanism of the sixteen valve motor.

The speedster has all the appearances of a real race motor and will carry extra wheels in case of a blow-out.

DeWitt expects to drive his car to Columbus Saturday morning and there prepare for the 25 mile dash.

MAKE OFFER TO COMPROMISE IN RATE CASES

Service Committee Proposes Passing Electric Rate Ordinance If Gas Rates Is Made Fifty Cents.

Offer Now Being Considered by Officials of Gas & Electric Company.

The Service Committee of council, composed of members Brownell, Coffman and Bloomer, in accordance with instructions at the last session of the city council, has made an offer to representatives of The Washington Gas & Electric Company to bring about a compromise in the dispute over gas and electric rates to be charged in this city.

The committee got together soon after the last meeting of the city council and agreed upon an offer of compromise which was immediately communicated to representatives of the company, and some definite word is anticipated in the near future.

According to Chairman Brownell the offer made to the company provided that the council adopt the electric rates carried in an ordinance submitted last year, providing that the gas rate is reduced from 60 cents per 1000 cubic feet to 50 cents per 1,000 cubic feet.

It is announced that the committee believes the offer a liberal one on the part of the city, and hope is expressed that it will result in ending the long litigation over rates by bringing about an amicable adjustment to the dispute of long-standing.

WHOLE LIFE WAS MISERABLE FROM STOMACH TROUBLE

Prominent citizen suffered tortures from indigestion, dyspepsia, gas in stomach, constipation, nervousness and dizzy spells. Dreco gave prompt relief.

"I know what it is to suffer the tortures of indigestion, dyspepsia, and gastritis, and the other ails which go along with them, and I also know what it means to get rid of them," said Mr. John Mellett, of 405 Centre St., Findlay, O. "After each meal I'd fill up with gas; my stomach burned like fire, and I had griping pains. My bowels were badly constipated; I suffered from dizziness and vertigo and became nervous, so that I slept poorly and would rise in the morning feeling tired out.

"I had taken much medicine, designed to cure such troubles, but I never got more than temporary relief. I think the reason Dreco has done me so much good is because it acted on the rest of the trouble. It got my bowels moving regularly; cleared my liver off, and strengthened my stomach. I've taken three bottles of Dreco and my troubles have been entirely relieved. I sleep sound; have a good appetite, and feel good all over."

Dreco is made from the juices of twelve different herbs, roots, barks and leaves, which act directly on the stomach, liver, kidneys, bladder and the blood, and tends to relieve constipation, headaches, rheumatism, heart fluttering, gas on the stomach and other troubles.

Dreco is now sold by all progressive druggists and is being especially introduced here by—
